

Thorough treatment of global technology centers would be incomplete without a directory of research and science parks to keep on hand. Therefore, Site Selection is pleased to present a directory of university research and science parks, courtesy of the Association of University Research Parks (AURP). These parks play critical roles in bringing together academia, private-sector investors and local economic developers to turn science into industry and research into job creation. Site Selection values its collaboration with AURP (www.aurp.net). — Editor

UNITED STATES

ALABAMA

Auburn Research & Technology Foundation

Dr. John Weete, Executive Director
570 Devall Dr., Ste. 101
Auburn, AL 36832-6946
(334) 844-4977
