

Directory of Science Parks and Areas of Innovation

IASP is the worldwide network of science parks and areas of innovation, connecting nearly 400 members in 70 countries and representing more than 128,000 high-tech companies. Our members enhance the competitiveness of companies and entrepreneurs of their cities and regions, and contribute to global economic development through innovation, entrepreneurship, and the transfer of knowledge and technology.
IASP members: a world of opportunities for companies looking for the best locations.
