### Legislative Update

- Gov. Mead in August appointed a Task Force on Science and Facilities focused on upgrading programs and laboratories at the University of Wyoming. Recommendations were due by late 2014.
- The Governor's Broadband Initiative has brought high-speed connectivity to communities all over Wyoming. More is expected

with the creation of the Unified Network, which creates a 100-gigabit backbone of Internet connections across the state.

- A 2014 budget session appropriated a total of \$102.2 million to Wyoming Business Council programs, including \$74.1 million for its Invest Ready Communities program.
