

2014 GDP: \$525,397 USD (US rank: 4)

GREATER HOUSTON
PARTNERSHIP

Making Houston Greater.

BY THE NUMBERS

Population (2014): 6,490,180

Per Capita Personal Income (2015): \$54,820

Unemployment (Jan. 2016): 4.8%

Business attraction requires a skilled workforce. The Greater Houston Partnership anticipates close to 75,000 annual job openings in careers that require “middle skill” education – more than a high school diploma but less than a four-year college degree. The Partnership formed **UpSkill Houston**, a business-led, community wide workforce initiative focused on closing the skills gap in several key sectors including petrochemical, industrial construction and healthcare.
