FREE TRADE ZONES

Site Selection publishes an in-depth article along with its Annual Directory of Ports and Free Trade Zones.

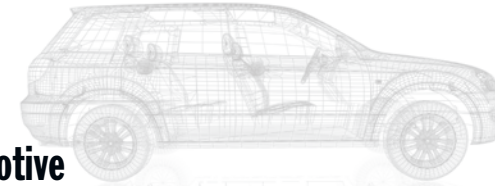

Site Selection provides the most comprehensive look at State Business Climates of any publication in the corporate real estate field. Our coverage will include the results of our 2018 Site Selection Business Climate Survey.

Medical Devices & Equipment

Medical device manufacturing clusters are firmly entrenched in locations worldwide that can offer the right combination of these ingredients: R&D talent, availability of capital, a business climate conducive to entrepreneurship, first-rate logistics and a manufacturing base, among other attributes. Our report will identify the areas most likely to attract new investment in this key sector in 2019.

SPECIAL ADVERTISING SECTIONS:
Top Business Park Locations, University Alliances

Global Automotive

Site Selection subscribers' companies have invested \$39 billion in 321 new automotive projects in the past 12 months alone. We'll explore the regions leading the charge on this ever-important industry.

Aerospace & Defense Industry

Advances in air transportation and space exploration are keeping airport and spaceport locations on the receiving end of a steady stream of new investments and facility expansions. Our report will look at the criteria at work in aerospace facility location decisions and profile representative projects to illustrate those criteria's import.

Area Spotlights:
